THE NEWS FROM LONDON

The Country Now Deluged with
Franchise Speeches.

Lord Randolph on the Warpath—
Redistribution—South African
Complications—Operations
in Egypt—The Niger.

LONDON, Oct. 21.—The general reading of Lord Salisbury's language in the House of Commons declines to yield. The House is fast returning to town, and already there is a large gathering at the Carlton Club. Such discussion as has taken place revivifies the hope that Lord Salisbury will find many followers disappear if he leads them against the Franchise Bill on the first day of the session, and consequently the chance of compromise increases. The Standard and the Edinburgh Review among Tory journals, and several of the rank and file of the Tory party, both Peers and Commons, have pronounced for some form of settlement. Opinion grows that the controversy may be decided by the Peers putting into the Franchise Bill a clause delaying its operation for a fixed period, in order that Redistribution may be dealt with meanwhile, and that the Government will accept.

LORD RANDOLPH ON THE WAR-PATH.
For a week past the country has been deluged with Franchise speeches, and the most notable features being in the deliveries of Lord Randolph Churchill at Birmingham, where the local Tories are not clean-handed in regard to Monday's riot, since they announced the meetings as free and open and then tried to exclude Radicals by a "lock-out" of tickets. The disturbance has had great effect upon Lord Randolph, who has been saying about him in terrible fashion ever since. All the Liberal leaders have fallen under his lash, until his ferocity has culminated in calling Lord Derby an imbecile. In point of authority Lord Randolph has already been voted false princeps of British politicians. His fulsome eulogies of Sir Stafford Northcote after the latter's contents in the House of Commons, provoke endless scoffing from Liberal opponents, who seize upon them to demonstrate the Tory orator's insincerity.

RE-DISTRIBUTION.
The Redistribution scheme published in the Standard, now admittedly official, has been considered by individual members of the Cabinet this week, the Tory press demanding, seeing that much has been made known of the inclinations of the Government, that they shall place the bill on the table on Thursday. It is understood that Mr. Gladstone is unwilling to take this course, though quite prepared to offer full explanations of the scope and object of the Government measure.

SOUTH AFRICAN COMPLICATIONS.
If a man in the position of Mr. Forster were to be appointed as Commissioner in regard to the Government's South African policy, Liberal free-willers admit that it would go hard with Mr. Gladstone. Naturally Mr. Forster is a Liberal, and his appointment, but at the same time there may be serious embarrassment for the Ministry in this direction. It is not unlikely that some Independent member will take up the subject and deliver into open hostility to the Treasury Bench, it being apparent from Mr. Forster's latest utterances that he holds his position as Secretary of the Government committed to act vigorously in maintenance of the London Convention, and any sign of backing down on the part of the Cabinet would lead him to make the attack himself.

Considerable curiosity exists concerning the steps the Government will take in the matter of the British regiments in not confirmed, and indications point to the use of four or five of the regiments now stationed in Cape with certain assistance locally raised. Such a force, it is not unlikely, would be strong military man sent out from this country. The withdrawal of the Boer proclamation annexing Montevideo's land makes small impression, since the Boers still occupy the territory and there is no promise of compensation. Public feeling here strongly favors teaching the Boers a lesson.

OPERATIONS IN EGYPT.
The latest news from Egypt gives fresh hope regarding Colonel Stewart. Staff officers at the front believe him to be safe at Khartoum. Lord Northbrook, at Cairo, is winding up his mission.

The redirection of railway and telegraph lines into the Egyptian desert, followed by the withdrawal of Italy from the section threatened against the Khedive's Ministers. It is possible that this may now prove abortive. However, expectation prevails that the sinking fund will again be seized. Lord Northbrook has satisfied himself that it is impossible to wring more taxes out of the fallacious, and that, on the contrary, taxation must be reduced.

THE NIGER.
This further complicate the financial situation and gives additional interest to the Government plans shortly to be explained to the European Powers. England has sent to the colonial conference at Berlin subjects to certain explanations. These are satisfactory. According to rumor they relate to the British position in the Niger. Germany and France proposed to apply to the Niger the same system of administration and control as to the Congo, but seeing that the mouth of the Niger is hardly likely to be taken by Great Britain would encourage the Franco-German project. The English Foreign Office, however, is by no means dissatisfied with the prospects for the Conference, since it promises to carry out Lord Salisbury's plan, and several months ago, with the Portuguese in connection with the unfortunate Congo treaty.

THEATRICAL.
Mr. Langtry has achieved great things as "Pauline." Manchester speaks of her performance with glowing praise, and the worthy of Mr. Coghlan's splendid "Claude Melnotte."

Mr. Wilson Barrett's revival of "Hamlet" being with unexpected success the tragedy being splendidly produced and Mr. Barrett's acting admirable. Strong objection, however, is taken to the changes which put the

part of the "Queen" in the hands of a young woman, and which led Mr. Barrett to figure as a mere boy.

THE LYTON LITERARY SCANDAL.
Lord Lytton is seeking to prevent the publication of his mother's memoirs. Local journals hold that the law is in his favor, but the murder is out already and nothing effectual can be done.

PARSONS REPUTATED.
Butler calls him a Fraud and Has no Use for Him.

STRAFFORD, N. Y., Oct. 21.—General R. Butler telegraphed to-night the following from Batavia to ex-Senator Grady, who is in this city:

"I have read Parsons's statement. There is not one word of truth in it. He applied to me some weeks ago for money to organize a campaign had been placed in the hands of Mr. Plympton, who was against him. Afterward I refused to have anything to do with him. Parsons, before that, was a fraud. I found a letter here from Mr. B. M. Maxwell, of Maryland, a member of the National Committee of the People's Party, who wrote asking me to come to Baltimore, to which I replied this morning, putting him in communication with Mr. Plympton, who was against him. To see if he could not find occasion so that I might go to Baltimore, as some change had been made in my arrangements in Ohio which might give opportunity. This was done ten hours before I had seen the Parsons article in the Times, and I had no knowledge of Parsons, except as above stated."

"BENJ. F. BUTLER."
WORCESTER, Mass., Oct. 21.—Colonel Plympton, Butler's political manager, arrived here to-day. He says that Butler has been in Ohio for some time, and that he has been engaged in local engagements in Boston. He speaks in this State after Tuesday until next Monday, when he will begin his final trip through New York State. It is known that Butler has been warned out of Ohio by one of the party. Plympton says Indiana will go for a level and he will prove the success of the fusion ticket in Michigan.

THE TRANSVAL Boundary.
Failure to Appoint a Commissioner to Co-operate with the Boers.

LONDON, Oct. 21.—It is now hoped that the difficulty with the Boers will be amicably settled without resorting to extreme measures by the appointment of a British Commissioner, as provided for in the treaty to delimit and define the boundary of the Transvaal. The Boers demand that there has been any breach in the London convention. In support of this claim they point to the fact that by the terms of the London Convention the Government was to appoint one Commissioner, and the British Government another, to delimit and define the boundary of the Transvaal. The Transvaal Government appointed a Commissioner, but the British has not yet appointed one. Until these have been appointed, the boundary of the Transvaal Government will not be held responsible in any way for the actions of its agents, and the Boers will be responsible for the actions of their agents in the Transvaal.

MR. VADERBILT'S GIFT.
Half a Million for the College of Physicians and Surgeons.

New York, Oct. 21.—The College of Physicians and Surgeons in the city of New York is the recipient of a princely gift. William H. Vanderbilt gave the college the sum of \$500,000, and the college has accepted the gift. The gift is not intended as an endowment or the erection of a building which shall enable the institution more successfully to fulfill its purposes for which it was founded. PROHIBITION VOTES.
Whether They Went On Election Day in Ohio.

CINCINNATI, Oct. 21.—R. J. Morris, the Prohibition candidate for Secretary of State, was today asked by the Cincinnati Press: "So far as the active Prohibitionists in Hamilton County are concerned, they stood at the polls on election day. What proportion of men in Hamilton County who pray of the Lord to strengthen and direct the arm of all temperance men to cast their ballot to paralyze and prohibit the liquor traffic, and at the same time when they come themselves to face the ballot-box, conscience disappears and the faith is cast for the other side?" He said: "I wish we could crush the traffic." I heard a man say that very thing after he had voted another ticket.

DOG EAT DOG.

Tiger, of Cincinnati, Fatally Whipped.
Sport, of Louisville.

LOUISVILLE, Ky., Oct. 21.—A great dog fight, between Sport, of Louisville, and Tiger, of Cincinnati, came off this morning, on the Indiana road, six miles above the city. One hundred sports went to the fight on a steamer chartered for the occasion. Tiger won in one hour and fifteen minutes, and was killed by the fight. The fight was probably due to about \$10,000 changed hands. Tiger had the advantage throughout. The fight was sickening in its details. The fight was very cruel.

The Covington Mystery.
CINCINNATI, Oct. 21.—The mystery in the Madison murder held in Covington resulted in a verdict that the dead woman's husband was the murderer. The jury was kept up for hours hearing the verdict. He was taken from the jail and allowed to look for the last time on the remains. He wept again and again, and was taken to the city of Cincinnati.

A NOTED WOMAN'S DEATH

Mrs. Mary Blackburn Morris, the
Famous Confederate.

Brief Sketch of Her Eventful Career—
A Wealthy Woman Implicated
in Her Husband's Murder.

LOUISVILLE, Oct. 21.—Mrs. Mary Blackburn Morris, wife of the late Judge Buckner Morris, of Chicago, and the sister of ex-Governor Luke R. Blackburn and Senator J. C. S. Blackburn, died at the Blackburn Sanitarium Sunday, after a long and painful illness. Mrs. Morris was one of the most remarkable women of her time, and was known all over Kentucky and the South. She was the famous Confederate who assisted to attempt to liberate the Camp Douglas prisoners. She had passed her sixty-fifth birthday, and her long life was filled with continued and earnest work. She married Judge Morris, who had gone from Kentucky to Chicago, and was the first man to engage in the practice of law in that place, and was also the first of that city. He became one of the leading men of the law in that city.

Mrs. Morris was warmly Southern in her sentiments during the war, and scarcely had Camp Douglas been converted into a prison for captured Confederates and before she manifested her devotion in the most practical manner, visiting the prison and carrying creature comforts to the inmates. She resided in Chicago was the rallying point and hiding place for those who effected their escape. At her house Captain Thomas Hines, the present Chief Justice of the State, hid an entire day between bed mattresses with detectives searching every nook and corner of the place for him. When the association in the attempt to liberate the prisoners, were captured, Mrs. Morris and her husband were arrested as accomplices and imprisoned for four months during the harsh winter under the rigorous prison rules the health of both was greatly impaired and their fortunes wrecked. They were never arraigned for trial, but if cost them over \$50,000 to obtain a release, and in order to raise the money \$300,000 worth of property had to be sacrificed. After the death of her husband, which occurred about five years ago, Mrs. Morris returned to Kentucky to reside with her brother.

During the term of her brother as Governor, Mrs. Morris and Mrs. Blackburn established a Sunday school in the penitentiary and accomplished much good for the many convicts back to the path of moral rectitude.

A Woman's Story.
BOSTON, Oct. 21.—The police authorities are investigating a mysterious affair in East Boston. Mrs. Maria Spaulding, a dressmaker at 63 Meriden street, has been a resident for twenty years, and is widely respected. A few days ago she mysteriously called and visited her goods for her daughter's trousseau. After examining the articles, she laid, saying she would return in a few days. She returned, however, a young lady who gave the name of Miss Maria Spaulding, and was accompanied by two gentlemen. They attended to the rooms and examined the goods.

"I turned to go out," says Mr. Spaulding, "to get a new piece to show them. Just as I turned to go out, I saw a man enter, and he carried me out into the kitchen, where he threw me down on the floor. My mouth was stuffed with cotton, and my wrists were tied with rope yarn. The woman tied my ankles and a towel was tied around my head. I couldn't cry out. One man held me while the other worked on my mouth. After they tied me one of them said: 'She will never know what she has done.' After they got through they left one at a time. As soon as they went out I tried to get myself free. I began to do so, but I was chained by my wrist. As soon as I got through I ran out through the room and saw my things piled up on the floor in a heap, and fire was burning out." An alarm was given, and the firemen came to the house. They found a mass of cotton goods piled up in the middle of the floor in flames. The articles had been saturated with kerosene.

The premises are insured for \$1,200. The police do not credit their story.

Removing a Husband.
MARSHALL, Tex., Oct. 21.—The notorious negro Anthony Walker, now under sentence of death for the murder of Henry Walker, has made a full confession to Sheriff Perry. Henry was a wealthy white planter. Walker says he shot Henry from ambush; that he was instigated to commit the murder by Henry Walker, who promised him 150 acres of land and \$100 in money. He claims that two other negroes were cognizant of the bargain with Henry Walker. Walker's confession creates intense excitement. Mrs. Walker never before confessed her complicity in her husband's death. She has always stood very high in the community. Sheriff Perry, with two deputies, started last evening for the Henry plantation to arrest Mr. Henry on the strength of Walker's confession.

A DIET OF PINS.
A Singular Experience of a Philadelphia Mechanic.

PHILADELPHIA, Oct. 21.—Hermann Kolb, middle-aged German, was discharged yesterday from the convalescent ward of the Homoeopathic Hospital, where he had been under medical and surgical treatment for nearly two months. During the time he was in the hospital he had a very singular experience. A round-headed man pin had been in his body. "My trade," said he yesterday afternoon, "is that of a cutter and fitter of furniture coverings. During the spring and summer I was continually employed in cutting and fitting linen covers for parlor furniture, and I had a large quantity of pins and to work more rapidly I held the pins in my mouth while adjusting the cover to a sofa, just as an upholsterer would do. I was terribly frightened, but I soon found that the pins caused me no inconvenience. After that I suppose I swallowed as many as a dozen, in like

running from a single pin to three or four at a time. Early in June I began to feel severe pains and sharp twitching spasms. I thought it was dyspepsia or cholera morbus, and was treated accordingly, but without relief. The pains grew more intense, and I lost all appetite. On August 31 I succumbed entirely and went to the hospital. The physicians appeared to be puzzled by my symptoms, but began treating me for acute dyspepsia. I soon began to feel sharp pains in my back and just above my right thigh. Then I was treated for inflammatory rheumatism. One day I detected on my back about two inches to the right of the spine, a small swelling, just where I had felt the sharp pains. All at once I thought of the cases I had heard of where needles had worked through the human body and finally been removed. Then for the first time I told the doctors about the pins I had swallowed. The lump on my back inflamed rapidly and swelled like a boil. Ten days after I discovered it the doctors lanced it and pulled out one of the pins. The next day two more of the pins were removed. The other two pins were taken out three weeks later from just above my right thigh. I feel much better now and my appetite is good.

Cooked Alive.
COLUMBIUS, Ind., Oct. 21.—George Kending, while at work on Saturday evening, a tank of boiling hot water fell on his head, and until only his head remained above the shimmering surface. He drew himself out, tore off his clothes and threw himself into the river. Inasmuch from his terrible suffering, he left the water and ran toward town entirely naked. He was finally caught and brought home in a ragged state, showing everything that touched his body, coming off in great flakes. Cooked alive, he still lives, but can not recall the details.

Fire in a Steamer's Hold.
GALVESTON, Tex., Oct. 21.—The iron steamship Atlantic of Sunderland, England, lying between Galveston and Liverpool, was discovered to be on fire Sunday afternoon while lying in the harbor. The fire had been burning for several days past and had 2,000 bales aboard. The fire had been burning for several hours before it was discovered. Four tugs are now floating the hold in which cotton and coal are burning fiercely. While working on the vessel last night a fireman fell from a large mast and was drowned.

SULLIVAN'S FUNERAL.
The Impending Procession Unequaled in Dublin's History.

DUBLIN, Oct. 21.—The funeral of the late A. M. Sullivan took place Sunday. It was largely attended. Nearly all the Home Rule members of Parliament were present. The procession was unequalled in Dublin's history. The procession was unequalled in Dublin's history. The procession was unequalled in Dublin's history. The procession was unequalled in Dublin's history. The procession was unequalled in Dublin's history.

Resumed, but Wages Reduced.
ASTORIA, Ore., Oct. 21.—The iron pipe factory shut down for six weeks, has commenced running on full time. The Augusta and King mills are running on full time. The wages have been reduced to 75 percent. The three mills employ eighteen hundred hands. The Sibbey mill, which employs six hundred hands, is putting in additional machinery. The Augusta mill is also running. Some other small mills, shut down for several weeks, will soon commence running at reduced rates.

The Tichenor's Claimant Freed.
LOUISVILLE, Oct. 21.—The Tichenor's claimant was released from prison to-day. Although the release was premature, crowds of friends were waiting at the prison to receive him. The rumor that the Tichenor's would be charged him from prison a day or two previous to the 24th inst., in order to prevent a demonstration on the part of the mob, was the lookout for the release of the friend.

Relief Fund.
WASHINGTON, Oct. 21.—The Treasury Department has submitted his annual report for the fiscal year. Aggregate resources of the year, \$4,285,481; expenditures, \$3,937,242; leaving a balance of \$1,044,239. There was on hand \$2,237 of the amount appropriated for the relief of the sufferers from the Ohio River and \$3,111 of appropriation for sufferers from the overflow of the Mississippi River.

Furious Forest Fires.
EAST TAWAS, Mich., Oct. 21.—Forest fires broke out yesterday back of Tawas City and to the north of the city at the head of Tawas Lake, and are spreading rapidly. Everything is dry and the flames are driven by a furious gale.

"Public Morality."
NEW YORK, Oct. 21.—Felix Adler, the well known Hebrew teacher, advised his hearers yesterday to refrain, on the grounds of public morality from voting for either Blaine or Cleveland.

CONDENSED NEWS.

THREE counterfeiters and \$56 of spurious coin were captured in an old ice-house two miles north of Troy, Ohio.

A large fire destroyed the village of Carthage, in Jefferson County, New York. Six blocks in the business portion were burned. Loss \$500,000.

A BEAR dispatch says the Grand Hotel, containing three hundred rooms, at Lauterbrunnen, was burned. The loss is a million and a half.

This fire story at 170 Duane street, New York, burned. Loss \$700,000. Belonged to Lorillard estate and occupied by Gents, Jones & Co., chemists and grocers.

Miss ANITA R. KIRKLAND, the daughter of Acting Commodore Kirkland, of the Brooklyn Navy Yard, died Monday morning of consumption, aged twenty-two.

DURING the present week, or the next week, at farthest, a very interesting suit between the Buffalo Lubricating Oil Co. and the Buffalo and C. E. Evans & Co. will be tried in Supreme Judge Child's court.

A FIRE broke out in a warehouse in Moscow Sunday and completely gutted four frame houses, causing a loss of \$1,000,000. A couple of theaters near the burned buildings in which performances were going on were endangered, and the plays brought to an abrupt termination.

Mr. Powers and the Tariff.

"They are charging me with being a 'free trader.' That is false and Mr. Wadsworth and his friends know it. I stand by the Democratic platform 'which gives no uncertain sound as to tariff.' FRANK POWERS."

That is what Mr. Powers writes with his own hand, and that is where the BULLETIN placed him, and by his authority. He does not mean that he shall be misunderstood, and to that end has made his meaning so plain that anybody can comprehend it. Any man, who puts him in a position respecting the tariff not in accord with the National Democratic platform misrepresents him.

From Mr. Wadsworth's Organ.

THIRTY-three horse thieves have been hanged within a short time by the vigilantes of Nebraska.—(Examiner.)

If Horace Greeley were alive he'd say, "thirty-three Democrats gone to their final account."—(New Republican.)

Not for Ashbury.

SENATE OF KENTUCKY, 1st. J. W. B. Clerk of the County Court, for the county of Mason, called at an election held on August 6, 1883, in Mason county, Ky., W. H. Wadsworth, Sr., voted for Thomas S. Morrow, for Governor; Speed S. Fry, for Lieutenant Governor; for J. C. Garrison, for United States Senator; for L. R. Hawthorne, for Auditor; for Edward F. Wadsworth, for Superintendent of Public Instruction; for the Land Office, he did not vote; and for Representative he voted for A. A. Wadsworth, of this county, for said county, on poll books of said election, for said county, given under my hand this 27th day of September, 1883. W. W. B. Clerk Mason County, Ky.

Proof can be produced that when Mr. Wadsworth handed his ticket to the judge of the election he said: "I will vote that ticket with the exception of the negro." We will pay a reward to any man who can produce a letter signed by W. H. Wadsworth, Sr., the Republican candidate for Congress, that declares he voted for Ashbury, the colored candidate for Register of the Land Office.

Cannot Support Him.

The following letter has been addressed to Mr. Wadsworth by Mr. Charles F. Taylor, one of the leading citizens of this county:—

"MAYSVILLE, KY., Oct. 18, 1884.

"Hon. W. H. Wadsworth: Having told you 'I would vote for you I desire to recant that promise, as I cannot support a man who is affiliated with the party that appoints negro United States Deputy Marshals to shoot down peace-loving citizens, and exercise of their legal rights, as in Ohio on Tuesday last. C. F. TAYLOR."

CLEVELAND VINDICATED.

The Truth About the Liberty of Worship Bill.—It is by a Leading Catholic of New York State.

(Boston Patriot.)

The following important letter, which settles forever the charges that Governor Cleveland opposed the Freedom of Worship Bill, has been sent to the Pilot by the Hon. Charles Tracy, of Albany, a man whose position, character or religious earnestness cannot be questioned. To the Catholics of New York State, it is not necessary to overstate the value of this letter to the Pilot, he speaks to the Catholics of the whole United States, who have been informed, publicly and secretly, that Governor Cleveland was a bigot, and a man adverse to freedom of religion for Catholics.

The Hon. Charles Tracy was secretary of the Catholic Union of New York and with the personal encouragement of Cardinal McCloskey was active in the formation of Catholic Union societies. He was a member of Papez Zouaves, and was made a prisoner at the taking of Rome, for his service the Holy Father decorated him with the Cross of St. Gregory, the Great. He was a member of Governor Tilden's staff, and was Commissioner General of Subsistence of New York State during Governor Robinson's term.

Without further preface, we give General Tracy's letter:

GOVERNOR CLEVELAND AND THE LIBERTY OF WORSHIP BILL.

Editor of the Pilot: In company with other Catholic gentlemen I have devoted considerable time to making an investigation respecting the treatment of the Freedom of Worship Bill in the New York State Legislature of 1883. We called upon a number of competent and reliable persons, who gave information on the subject. In almost every instance our informants, whether clergymen or laymen, evinced great anxiety to be spared the disagreeable experience of having their names dragged into connection with a matter which has already subjected worthy gentlemen to unmerited abuse. After having made all necessary inquiries, the conclusion we arrived at, I am happy to be able to state, on my word of honor, was that Governor Cleveland took no steps, either directly or indirectly, in favor of or against the passage of the bill. He was opposing the bill, here interposed and said he looked upon this demand as reasonable, and it might be regarded as an olive

branch extended to the interests he represented. Inasmuch as the object the friends of the bill wished to attain was mainly to obtain a change in the rules of this institution, a feeling sprang up that there might be no necessity for passing a general law. It was determined to endeavor to effect a compromise. At a conference held in New York soon after, which the prominent members of the Assembly, Catholics, a member of the Assembly Committee and two managers of the House of Refuge, a distinct statement was made by the Catholic authorities demanded. Immediately thereafter a special meeting of the managers of the House of Refuge was called.

At this meeting a resolution to grant the concessions was defeated, and one of the managers was deputed to inform the Catholic authorities of that action; but, through some misunderstanding, the manager thus deputed failed to deliver the message it has been alleged that the managers did not act in good faith. They assert, however, that they had hoped to make concessions, but found the demands differed from their expectations. At all events, it is not doubtful that the progress of the bill was much delayed by the representatives of the board holding out hope of concessions in the refuge to our people, and afterwards failing to announce promptly the decision of the managers.

After this delay, all efforts to get the bill before the assembly failed. Members of the Legislature state that this was not due to any underhand work, but that towards the close of the session the Assemblymen having bills in charge do but with favor on efforts to advance other bills out of their regular order. It was stated to us also that prominent Catholics had given expression to doubts as to whether Catholic interests called for the passage of this bill. All practical Catholics will of course agree that the Catholic children in the Randall Island House of Refuge should be given proper facilities for hearing Mass and receiving the Sacraments, and all are in duty bound to protest against the present system.

It is well, however, to call the attention of your readers to the Freedom of Worship Bill in the form it was presented to the Legislature. It was as follows: THE FREEDOM OF WORSHIP BILL.

AT ACT TO SECURE INMATES OF INSTITUTIONS FOR THE CARE OF THE POOR FREEDOM OF WORSHIP.

The people of the State of New York representing the Senate and Assembly to enact as follows:

Sec. 1. The free exercise and enjoyment of religious profession and worship, without discrimination or preference, shall be allowed to all persons in the next section of this Act mentioned.

Sec. 2. It shall be the duty of the managers of every House of Refuge or society of the reformation of juvenile delinquents, or protector, and of every institution for the care of the poor receiving public aid, except asylums for the insane, to permit at reasonable hours the inmates thereof to be visited by clergymen of the denomination to which they, or if infants, their parents, belong, and the religious services of such denomination to be had according to its rules and discipline, and to afford all proper facilities for such visits and services, but without expense to the managers thereof, and subject to such reasonable regulations as they shall prescribe.

Sec. 3. This Act shall apply to all such institutions as care for persons who would otherwise be charge upon their respective counties, as blind foundlings and orphans, and also to the institutions to which prostitutes or fallen women, or juvenile delinquents may be committed, or in which they may be cared for.

Sec. 4. This Act shall take effect on the first day of July, eighteen hundred and eighty-three.

Many earnest Catholic laymen and clergymen, who have been misled much about this bill without having read it. Would it not be well to carefully examine it?

A prominent priest of this Diocese, a holy man of great experience, told me recently that if the bill had passed, Gov. Cleveland would probably have been urged by the clergy to sign it. This reverend gentleman believes, as many pious Catholics also believe, that the bill was full of imperfections, and would have brought endless annoyance to religious orders in charge of orphan asylums, houses of shelter, and reformatories throughout the State. It is a matter of great importance to have a bill affecting religious rights drawn with the greatest care, and if individuals prepare a general law for the benefit of one institution, every precaution should be taken to avoid errors. Catholics could not be expected to give united support to carelessly drawn bills simply because it is known that the proposer of the measure means well.

In conclusion, I desire to be distinctly understood that although we made diligent inquiries and followed up all rumors, we failed to find any person who would represent the Governor of Cleveland in any way, shape or manner, interlined with the progress of the bill in either house of the Legislature.

I am respectfully yours,

CHARLES TRACY.

OF FOR NEW FIELDS. (Cincinnati Enquirer.)

Large numbers of Southern negroes who did the Republican reaping in this year last Tuesday have been shipped to Indiana. They will be colonized there for election purposes. Indiana Democrats should be warned by Republican shot gun methods employed in Cincinnati and be prepared to return lead for lead.

Better Armed.

(Cincinnati Enquirer.)

Three negroes went along the street yesterday with a party walking close behind them. The parties were interested in the subject of conversation, and talked rather loud. One said:

"Yes, we do, we do."

"How will we do that?"

"We can do it. We are better armed than the other fellows."

ASSAULT ON CLEVELAND

A Crank's Desperation Caused by a Wife's Illness.

The Millionaire Banker and Congressman, John Arnot, of Elmira, Fatally Injured by a Gas Explosion—The Bank Wrecked.

ALBANY, N. Y., Oct. 31.—On his way to the Executive Chamber this morning Governor Cleveland was assaulted by Samuel J. Boom, of Elmira, New York, who, with his wife, created an excitement some days since in the Executive Chamber. Boom lay in wait for Governor Cleveland at the corner of Lancaster and Eagle streets. As he approached he addressed him, and followed it at once with two blows, which were warder off by the Governor. Boom then rushed into the street and reached for a paving stone. As he was picking it up he was seized by a passer-by and held, the Governor quietly passing on. A large crowd at once collected and in the confusion Boom escaped and entered a boarding house near the scene of the assault, where he was followed and arrested. He was taken before Police Justice Gutman, who remanded him for examination on Wednesday at 3 p. m. The Governor was visited by scores of people during the morning. He makes no secret of the attack of Boom, who is a small, delicate man and looks wild, but taller rather. Arnot admits the assault was unjustified, but insists that his wife is dying in Albany, and his illness is greatly aggravated by her fretting about a person which she sought from the Governor for her brother-in-law, John Arnot. Boom says he has no sleep for upwards of a week in consequence of her illness. The attending physician this morning assured him that his wife would not recover. The poor fellow may be, temporarily at least, classed as a crank.

ALBANY, N. Y., Oct. 30.—S. T. Boom, the man who assaulted Governor Cleveland, was in Auburn, September 30. He made no secret of his mission, which was to see his brother-in-law, among other things he said he had been promised a pardon; that either Cleveland or Stansfield, the District Attorney of Chemung County, lied to him, and if it was Cleveland he would shoot him.

Congressman Arnot Fatally Injured. ELMIIRA, N. Y., Oct. 31.—The city was thrown into a state of great excitement this morning by the report that John Arnot, a millionaire banker and present member of Congress from this district, had been killed by a gas explosion in his bank. A great crowd of excited citizens hurried to the scene, and soon the building was surrounded. About nine this morning those living in the vicinity of the bank were startled by a loud explosion. Nearly every window in the building was shattered by the concussion, while in some instances the window sashes were blown out. A subsequent examination showed that the doors of the bank were blown in, broken and the locks torn off, and other damage was done in various parts of the bank, so fearful was the force of the explosion. At the time of the explosion there were in the bank Congressman Arnot and several clerks. Arnot had gone into the vault to open the inside safe, pointing to commencing the day's business. It seems the gas had not been turned off Saturday. It had been pouring into the vault from the time the bank closed that day until this morning. Arnot struck a match to enable him to see, and almost instantly there was a terrific explosion. Arnot was hurled far from the vault, and struck against the cashier's desk on the opposite side of the room. When picked up he was almost unrecognizable. His clothes were torn from his body, his face burned black, and the whiskers and hair were completely burned off, but strange to say, he still retained consciousness. The first one to approach him was one of the clerks, to whom Arnot said there was no need of sending for a doctor. A doctor was sent for, however, and Arnot was carried into his private office. The doctor soon arrived and made a superficial examination. He found no serious injuries, but expressed fear of Arnot's recovery.

Blaine in Indiana.

ELKHART, Ind., Oct. 31.—Mr. Blaine left South Bend this morning at 10 o'clock upon a special train in charge of General Williams, of Lafayette.

John C. New had a number of Indiana speakers were also on the train. The plan of the day was to drop one speaker at each place where the train was stopped, so as to have an orator address the crowd after Mr. Blaine had gone. At Elkhart, the first stop, there was a crowd of 8,000 people.

Mr. Blaine left the train and ascended a stand there. He addressed his remarks entirely to the tariff issue. He said that when the Democratic party surrendered its authority Indiana was very unimportant in the list of the States that last year its industrial products reached the enormous sum of \$150,000,000. He wanted to ask any fair or candid man, be he Democrat or Republican, whether that great prosperity could have been reached without a protective tariff? The two parties divided on this issue. "Be careful in your judgment, we free men, upon the 4th of next November," said Mr. Blaine, as he bid Elkhart good-bye.

COLUMBUS, Oct. 31.—The balance of miners of the Ohio Central and Buckeye Creek regions have struck for an advance of rate of mining to eighty cents per ton. These include the miners of W. P. Reid, Sunday Creek Coal Company, and Columbus & Eastern Railway Company. The operators have refused to accede to the demand, and the miners will not resume work to-morrow morning. This action will cut off heavy contributions from the Ohio Central which have been made to the striking miners of the Hook valley.

Suicide From Remorse.

SAAGINAW, Mich., Oct. 31.—Saturday the fifteen-year-old son of Henry Bernhard, a tailor of Saginaw City, was arrested for disposing of a gold watch stolen from Joseph Barber three weeks ago. The matter was amicably settled and Bernhard was released. Yesterday morning at 3 o'clock, he committed suicide by jumping into the Saginaw River.

Quick Ocean Voyage.

NEW YORK, Oct. 31.—The Queen steamer Alaska arrived Saturday from Liverpool via Queenstown, having made a fast passage notwithstanding several days of heavy weather. The trip was completed in six days twenty-two hours and thirty-two minutes, which is within fifty-two minutes of her best westward voyage.

I have had the Psoriasis for nine months. About five months ago I applied to a doctor near Boston, who invited me, but unfortunately I had to leave, but continued taking his medicine for nearly three months, but the disease did not leave. I saw Mr. Carpenter's letter in the Philadelphia Record, and his case perfectly described mine. I tried the Cuticura Remedies, using two bottles Remedies, and Cuticura and Cuticura Soap in proportion, and call myself completely cured. J. F. BARNARD, Watertown, N. J.
